SOURCE: The Centers for Medicare and Medicaid Services, www.hospitalcompare.hhs.gov. Data released on December 18, 2008

NOTES: (1) The data collection period for this release is April 2007 through March 2008.

(2) * N=0 This hospital may have treated patients in this condition, but no patients met the criteria for inclusion in the measure calculation. N = the number of cases that met the criteria for inclusion in the measure calculation. N < 25 is not considered statistically significant and is not necessarily a predictor of hospital performance.
